CONSTRUCTION UNDERWAY

The I-205 Improvements Project will improve our economy by providing Oregonians safer, more reliable access to work and critical services, even after an earthquake or other major disaster. We are constructing the project in phases, with the first phase beginning in summer of 2022. Learn more about project phasing at: i205corridor.org.

- Earthquake-ready improvements to the Abernethy Bridge.
- Removing the current I-205 northbound on-ramp from OR 43 and replacing it with a roundabout.
- Realigning or widening the on-and off-ramps at OR 99E.
- Improvements for people who walk and bike on OR 43, Clackamette Drive and OR 99E.
- Installing a sound wall near the southbound lanes of I-205 at exit 9.
- Widening I-205 in the first phase of the project area will allow a third travel lane in each direction. The final lane configuration will be completed in a future phase.

FIRST PHASE CONSTRUCTION IMPACTS

Visit i205corridor.org to sign up for email updates and learn about any traffic impacts or route detours once construction begins. Anticipated impacts include:

- Jon Storm Park parking lot under the Abernethy Bridge is closed for the duration of construction as of May 31, 2022.
- Full weekend, nighttime directional closures and on-and off-ramp width restrictions.
- Full nighttime freeway closures later in the construction process, anticipated in 2024.
- Detours for I-205 northbound and southbound travelers and those traveling to local destinations in and around Oregon City and West Linn during freeway closures.

SCHEDULE

*The schedule for the remaining phases of work is under evaluation.
